## DR. COOK'S DISCOVERY IS NOT DOUBTED NOW

### His Standing as An Explorer Convinces All of His Success in Latest Feat.

COPENHAGEN, Sept. 3.—Dr. Frederick A. Cook's credit stands so high with Danish polar experts that the first message announcing his success in reaching the North Pole, meager as it was, was accepted as conclusive. Commodore Høvergaard said yesterday:

"I believe the message is true, because Dr. Cook is most trustworthy and opposed to all exaggeration."

C. A. Nielson, an official of the Greenland administration department, who is well acquainted with Dr. Cook, and was associated with him in Greenland, said:

"When Dr. Cook says that he reached the North Pole there can be no doubt about it. His scientific discoveries will prove that."

A committee under the presidency of the minister of commerce has been formed to arrange a fitting reception to the intrepid explorer on his arrival at Copenhagen. Dr. Maurice F. Egan, the American minister, will be aboard the special steamer that will be sent out by the Royal Geographical Society today to meet Dr. Cook, who is on his way here on the steamer Hansgedede.

The Danish government last night despatched the torpedo boat Jylland from Aarhus to meet Dr. Cook and the Jylland will probably come across the Hansgedede off the Skaw. The commander will convey congratulations to the explorer in behalf of the government.

The special committee of the Royal Geographical Society will invite Dr.

Cook to be the society's guest during his stay at Copenhagen. Rooms have been reserved for him at the Hotel Phoenix.

#### WALLACE ENDORSES COOK.

POUGHKEEPSIE, N. Y., Sept. 3.—Dillon Wallace, the author and explorer, whose companion, Leonard Hubbard, became lost and starved to death while exploring Labrador, in an interview yesterday said that he had implicit faith in Dr. Frederick Cook's wonderful feat. Mr. Wallace had completed plans for an expedition for the relief of Dr. Cook. In his statement yesterday he said:

"I knew Dr. Cook well. You can put implicit trust in his veracity. When he was a boy he exhibited signs of scientific bent. When he could he would read of explorers and study their methods. It is utterly impossible that Cook could merely have found the magnetic pole. His course would not have permitted that. Any one who has visited the country and studied conditions there can realize how impossible it would be for him to reach the magnetic pole from the course he took."

"Dr. Cook started out from Ellesmere Land, and his last letter to his family was from Cape Thomas Hubbard (named after the father of the explorer who died with Wallace) in 1908. From there Cook pushed on to Cracked Land and then went north-eastward. From that point the rest of his direct journey was completed. Thus it will be seen that the magnetic needle lying in an opposite di-

#### HAS BEEN TWICE ENTERED.

Presbyterian Manse Entered by Sneak Thieves Recently.

Sneak thieves have twice entered the Presbyterian manse, but fortunately they have not found what they were evidently looking for—money.

Rev. Dr. Hay states that they only turned things over in general in the kitchen and dining-room, while they also made a careful survey of the house, but failing to find valuables they did not take anything.

These robbers are more than likely to be Gainesville parties who understand the situation.

rection would have been impossible for access by Dr. Cook.

"I have no doubt that Dr. Cook has reached the North Pole. He is a man of extreme reliability, fairly scientific, and versed in geographical conditions in the Arctic regions. He has always manifested truthfulness in his every report and concerning explorations in the North he has been very exact. I am certain that he is truthful in this statement."

"Another point that would tend to help discourage disparaging statements, is that Cook's route was directly to Cracked Land, ending with a swift dash to the pole, which would lie directly north. Thus he would avoid the awful eastern drift of the terrible current in the Polar sea as north of Greenland."

"Peary undoubtedly would have accomplished what Dr. Cook has done if he had been better acquainted with the dangerous conditions confronting him in the frozen sea. Peary tried to avoid this condition by going westward, but this was his undoing. Peary made his dash too far eastward. Cook took advantage of Peary's failure and planned a round-about course."

Asked what benefits would be derived from Dr. Cook's discovery by the United States, Wallace said:

"The great northern country is a strange land to us. The geographical situation is a matter that is of real importance to our government. I have not the least doubt that Dr. Cook has taken a series of geographical notes, which will be of the greatest value. I have seen some of his notes which were sent back by him two years ago, when he was in Greenland, which describes most convincingly the situation in the north. He tells of vast coal mines and other ore, which this country some day will find of the greatest value, and will be highly pleased to possess."

#### PREPARING TO WELCOME COOK.

NEW YORK, Sept. 3.—Preparations already are afoot here to make the home-coming of Dr. Frederick A. Cook an event of national and possibly of international importance. If the plan outlined yesterday by the members of the Arctic Club are carried out, the welcome home which Dr. Cook will receive in New York will be an ovation in which city, State and nation will take part, while prominent explorers—Cook's former rivals—from all parts of the globe, will gather to pay their personal tribute to his achievement.

Among the most notable of those who in all probability will be here to greet Dr. Cook on his return will be Lieut. Shackleton, the intrepid Englishman, whose recent explorations in the Antarctic, during which he succeeded in pushing nearer to the South Pole than had any previous explorer, made him a figure of world-wide prominence.

Members of the Arctic Club hope that President Taft may himself be present as the nation's representative to welcome Dr. Cook.

Among the explorers who are expected to take a prominent part in the welcome to Dr. Cook are the Duke of the Abruzzi, Dr. Fridtjof Nansen, Capt. Roald Amundsen, Gen. A. W. Greely, Rear Admiral George Melville, Anthony Fiala of this city and Capt. Jose Bernier.

No definite date has yet been set for Dr. Cook's arrival.

## SHOT WIFE AND KILLED HIS STEP-DAUGHTER

### Culprit Eludes Posse But Is Captured in Adjoining County and Landed In Jail.

TROY, Ala., Sept. 4.—Chased across two counties by two sheriffs, several deputies and a large posse of citizens, with the certainty of being lynched if captured by the latter, William Stevenson, who yesterday morning shot and killed his step-daughter, Miss Gertrude Vann, and seriously wounded his divorced wife, Mrs. Grady, Montgomery county, was captured one mile south of Troy yesterday afternoon, and lodged in jail here. Upon advices that a mob of considerable numbers was nearing Troy at 8 o'clock last night, Sheriff Carroll called upon the Governor for military protection, and the Troy rifles were immediately assembled in their armory, with orders to assist the sheriff in protecting the prisoner.

Sheriff Tatom of Crenshaw county advised Sheriff Carroll by wire that it was very probable that the body of men marching to Troy is the posse which yesterday morning joined in the chase for Stevenson, and he is of the opinion that the men will be

satisfied when they learn Stevenson is safely in jail.

Stevenson admitted the shooting and said it was the result of family trouble. He told the sheriff that he knew he would be lynched if taken back and tried near the scene of the double crime.

Yesterday morning Stevenson shot a shotgun and went to Mrs. Stevenson's home, where he sought a reconciliation. Being denied an interview by his divorced wife, he opened fire, the first shot taking effect in Mrs. Stevenson's right arm and completely severing her arm. The second load of shot struck Mrs. Vann in the abdomen, producing most instant death.

About thirty members of the posse from Montgomery and Crenshaw counties, heavily armed, arrived at 11 o'clock last night. They appeared to be satisfied when informed that Stevenson was safely behind bars. It is not now thought there will be any attempt to lynch him.

## Examinations for Three Thousand Census Clerks

WASHINGTON, Sept. 3.—The bureau of the census yesterday announced that approximately three thousand temporary clerks will be appointed in connection with the work of taking the thirteenth decennial census. The first examination will be held throughout the United States on October 23, next. Very few appointments from this examination will be made before January 1, next, and not many will be made until April, 1910. The maximum force will be drawn about August 1, next year.

These appointees will receive salaries of \$600 per annum at the beginning, but promotions, it is asserted at least \$900 yearly will be reasonable for those who render satisfactory service.

Blank application forms and a circular of instructions, the bureau announces, may be obtained after September 10 by addressing the census service commission, Washington, D. C., the bureau of the census, Washington, or the secretary of the board of examiners at the following places, among others: Postoffice, Atlanta, Ga.; custom house, New Orleans, La.

## Roosevelt Is Tempted With An Elephant Hunt

BERLIN, Sept. 4.—Lidj Jeassu, the crown prince of Abyssinia, has invited Theodore Roosevelt to a great elephant hunt promising to beat up a white elephant for him to kill and otherwise to arrange a splendid sporting program.

This news has been brought into Berlin by Adolf Mayer, a kinsman of King Menelik of Abyssinia, who has arrived here with a commission from the Abyssinia government to purchase supplies. Before Mayer left Abyssinia a mission had been sent

to hand his invitation to Mr. Roosevelt wherever it could find him. "The envoys of the King are empowered to point out to Mr. Roosevelt Mr. Mayer said yesterday, 'that the is unrivaled elephant hunting in Abyssinia. The crown prince will select 5,000 horsemen to encircle an immense range of prairie and drive the elephants. Hundreds, and possibly thousands of elephants could thus assembled, and there would probably be one or two white ones among this number."

## Four People Were Killed And Thirty-Five Injured

PITTSBURG, Sept. 4.—Four persons were killed and thirty-five others injured, several perhaps fatally, at midnight last night when train No. 5, west-bound, on the Baltimore & Ohio railroad, known as the Royal Blue, running between New York and Chicago, was wrecked near Chewton, Pa., forty-eight miles from this city. The train ran into a broken rail, supposed to have been caused by train wreckers, and the engine, two Pullmans and two day coaches were thrown from the track. The cars immediately took fire.

Relief trains were sent to the scene from this city and Newcastle, Pa., and the dead and injured removed to a hospital at the latter place. The engineer and fireman of the train were instantly killed, and two passengers died on the way to the hospital.

Among the dead are Engineer

John Dill, aged 45, of Grand Junction.

Baggage-master John Wheatcroft of Chicago Junction.

C. Cavanaugh, boiler inspector, was crushed, probably fatally.

The train was westbound from Pittsburg to Chicago. It was whirling along at fifty miles an hour, when the engine suddenly jumped the track, and in a second the whole train had turned turtle into a deep ditch.

The railroad officials claim the wreck was caused by fiends who removed two fish-plates, moved the north rail inside and removed two spikes for a rail's length. An investigation after the wreck showed that the fish-plates and spikes were missing.

You may find what you are looking for through a want ad. in The Sun.

## The Lusitania Breaks Three of Ocean Records

NEW YORK, Sept. 3.—Three new ocean records fell to the Cunard liner Lusitania on her latest trip from Queenstown, which ended last night. The Lusitania made the passage in four days, eleven hours and forty-two minutes, thereby clipping three hours and eighteen minutes from her previous time.

She maintained an average speed of 25.55 knots for the entire voyage, beating the Mauretania's record of 25.84, and finally by landing her passengers at the Cunard pier shortly before 8 o'clock last night she became the first liner to dock on the fourth day out of Queenstown.

## Hearst Is Very Anxious To Defeat Old Tammany

NEW YORK, Sept. 4.—William R. Hearst, at a meeting of the Independent party's county committee here last night, declared that he was prepared to use all his power in an effort to defeat Tammany at the approaching municipal election. He was willing, he said, for fusion with the Fusion party.

tion, if he was satisfied that the organizations were loyal in general to the principles of the Independent party. The meeting last night was in the nature of a welcome home. Mr. Hearst, after his trip abroad, Mr. Hearst made it plain that he would not himself be a candidate for mayor.

## GAINESVILLE-OCALA PLAY NO SCORE GAME

PITCHER ON EACH TEAM MADE  
GOOD RECORD.

Oak Halls Had Splendid Chance to  
Win Game But Timely Hit  
Lacking.

(BY F. M. PREWITT)

From Friday's Daily Sun:

In the words of Jack Spottswood,  
WE WERE THERE!!

The baseball special to Ocala Thursday comprised twelve coaches comfortably filled with admirers of the Oak Halls, nearly five hundred tickets being sold in Gainesville alone. It was a great crowd, out for a good time and they had it. The Brick City people were amazed to a certain degree to see the long train with such a throng of excursionists pull into the station, but they are becoming accustomed to getting things in readiness for a big crowd when the word goes forth that there is to be a session from Oak Hall town.

Those who went to see a good game had their expectations fully gratified, the only disappointment to the supporters of either team being the failure of either to get a man across the home plate.

Ocala's line-up clearly proved that they had "prepared" for us, since they used the best men on both the Sanford and Orlando teams. But the Gainesville management had anticipated just such a reception and as soon as the first inning had been finished it was plain to all that we were equal to the task.

Windham—of Orlando—was on the firing-line for Ocala, and pitched a good game. Wilson, one of the new acquisitions to the Oak Halls, pitched an excellent game, allowing only three scattered hits. Hooks, who did the receiving, was there with the goods, and in all the new men measured up to every promise. Bullock played star ball on first, accepting every chance—and he had some mean ones, too, while Tim Hendricks caused some of the Brick Cityites to tear their hair when he made a couple of sensational stops at third. Allen, Peddy, Graham, Spottswood, Watson and all were in good trim and did their share in blanketing the boys who announced before the game that they would make "easy pickings" of us.

The Oak Halls had an excellent chance to tally in the sixth—two men on bases with only one down, but Hendricks and Peddy couldn't "get on" and there we faded. This was too much for Ocala, who seemed anxious to "call it off." It was fast growing dark, hence the game was called at the end of the seventh—0-0.

The same teams will play again today. Ainsley, the left-handed man, will pitch for Gainesville, while Walker will do the stunt for Ocala. We will win.

### The Game by Innings.

Spottswood singled over second; Graham fouled out to catcher; Allen went to first on a bunt, Spottswood going to second; Wilson struck out; Spottswood caught trying to reach third. Hits 2, runs 0.

L. Donaldson grounded out to Bullock; Red Donaldson skied out to Graham; Pounds out, third to first, Hendricks making a sensational stop of an exceptionally hot one. Hits 0, runs 0.

### Second Inning.

Tim Hendricks out, short to first; Peddy flew out to right; Bullock went the same way to left. Hits 0, runs 0.

Barnett singled to center; Jones grounded to short, who fielded slowly, both safe; Collins flew out to Watson; Myers sacrificed; Galloway retired the side, second to first. Hits 1, runs 0.

### Third Inning.

Watson was called out on strikes; Hooks took the Big Four route to first; Spottswood struck out; Hooks caught, catcher to second. Hits 0, runs 0.

Jimmie Windham, the Orlando fellow, promptly fanned; Donaldson out, short to first, Red Donaldson went the same way. Hits 0, runs 0.

### Fourth Inning.

Graham struck out, Allen did the same; Wilson was called out on strikes. Hits 0, runs 0.

Pounds hit right-center for two bases; Barnett fanned out to catcher; Jones grounded to short, who fanned.

## Heavy Hauling

Better See Us First.

Fancy and  
Stylish Livery

**S. M. DAVIS**  
"Old Stand With New Name"

bled it, but Pounds was thrown out at third; Jones stole second; Collins couldn't hit it, and retired the side. Hits 1, runs 0.

### Fifth Inning.

Hendricks struck out; Peddy skied out to right; Bullock fouled out to left. Hits 0, runs 0.

Galloway grounded out to Bullock; Windham promptly fanned again; L. Donaldson grounded out to Bullock. Hits 0, runs 0.

### Sixth Inning.

"Wampus" Watson was called out on strikes; Hooks also called out on strikes; Spottswood out, second to first. Hits 0, runs 0.

Red (Home-run) Donaldson out, Allen to Bullock; Pounds fanned; Barnett, the home-run man of Orlando, singled to left; Jones fanned. Hits 1, runs 0.

### Seventh Inning.

Graham singled past third, and went to second on a passed ball; Allen fouled out to catcher; Wilson grounded to second, but first baseman dropped it, and Graham went to third; Wilson took second; Hendricks fanned; Peddy couldn't hit and a good chance to score was lost. Hits 1, runs 0.

Collins, Myers and Galloway fanned, which was some pitching on the part of Doc Wilson.

The umpire, Mr. Gerig, seemed to favor the home team somewhat, as he called strikes on Watson, Wilson and other members of the Oak Halls that were far too high. The gentlemanly manner of the Gainesville players, however, prevented them from making too strenuous a kick.

## OCALA WON SECOND GAME OF THE SERIES

THE SCORE WAS FIVE TO A BIG  
ROUND RING.

Walker Pitched Steady Ball, While  
Ainsley Was Hit Freely, Watson  
Being Substituted.

From Saturday's Daily Sun:

Contrary to the expectations of the Oak Halls and those who journeyed to Ocala to witness the second game of the series Friday, the Gainesville boys were defeated by the score of 5 to 0.

Ainsley, the left-handed boy who recently joined the local team, was not at his best, suffering with an injured finger, and Watson relieved him in the box in the fifth inning. Watson only gave up two hits in the four blocks that he twirled, which is good considering the batting armor with which the Brick Cityites seemed possessed. Walker, the Palatka pitcher, was in good form and did good work for Ocala, only allowing one hit. Pete Allen got that.

Tim Hendricks, the plucky third baseman, made a daring attempt to steal home, and it was by a very close decision at the plate that Tim was prevented saving Gainesville from a shut-out.

Allen played the game for all there was in it, getting one hit—the only one made for us—and also being credited with two put-outs and two assists. Peddy's record at short is also good, he getting two put-outs and making three assists. Hooks has a clean record, as well as Graham and Spottswood.

As matters now stand, Ocala has one game on Gainesville, hence if we win today's contest the honors will be even again.

Windham will return to his home at Orlando today, Ocala retaining Jones, the Sanford man who won a game here from the Oak Halls, to do the twirling for them.

Doc Wilson, the boy who accomplished such good work in Thursday's game, will pitch for Gainesville, and we predict victory once more.

### A Narrow Escape.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." J. W. McCollum & Co.

## Why Suffer?

Are you one of the thousands of women who suffer from female ailments? If so, don't be discouraged, go to your druggist and get a bottle of Wine of Cardui. On the wrapper are full directions for use.

During the last half century, Cardui has been established in thousands of homes, as a safe remedy for pain which only women endure. It is reliable, contains no harmful ingredients and can be depended on in almost any case.

# Take CARDUI

It Will Help You

Mrs. Charles Bragg, of Sweetser, Ind., tried Cardui. She writes: "Tongue cannot tell how much Cardui has done for me. Before I began taking Cardui I could not do a day's work. I would work awhile and lie down. I shall always give praise to your medicine." Try Cardui.

## JORDAN FAVORS A STATE CONVENTION

SAYS THERE IS NO DEMOCRATIC  
PARTY IN FLORIDA.

Convention Should Be Called to Pre-  
scribe Platform of Principles for  
Candidates in Future.

Several of the leading newspapers of the State, notably The Tampa Tribune, The Lake City Index and The Brooksville Argus, are urging the necessity of holding a State Democratic convention to formulate and enunciate a platform of principles for the guidance and observance of the candidates in next year's primaries.

These newspapers are right. At present there is no Democratic platform, and, therefore, no Democratic party in Florida. Every candidate for office makes a platform for himself and runs on it, with the result that some men who are charged with not being Democratic are elected to important offices.

It was stated, with the appearance of truth, that the late Legislature contained as members several Populists and at least one Prohibitionist who were nominated in the Democratic primaries of last year. Had there been a platform upon which all were required to run—that is, a declaration of principles which all candidates were required to accept and endorse before being permitted to run in the primaries, it is quite possible that some gentlemen who were members of the late Legislature, as well as others who were elected to various county offices, would not have been candidates in the primaries.

Under present conditions, when members of the Legislature are chosen, each one of them has ideas and plans of his own, and the result is that practically no harmony, no unanimity of purpose exists in the Legislature, and it follows that important legislation is neglected and many objectionable laws are enacted. For the truth of this statement we have only to recall what was done and what was not done by the last Legislature.

To remedy these evils it is absolutely essential that a State Democratic convention be called to frame a platform of principles for the government of candidates and the guidance of voters in next year's primaries. The Herald, therefore, cordially supports the demands of those newspapers which are urging that a convention be called.—Punta Gorda Herald.

### Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. J. W. McCollum & Co.

### Fight in West Gainesville.

Marshal Owens was called by phone to East Gainesville yesterday, but after riding at a rapid rate to the first named place it was discovered that it was west where he was wanted. He found Jerry Carter and a negro woman by the name of Mary Jones engaged in a row and war of words and placed them under arrest to come before Mayor Davis this morning.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all druggists.

## A HARD STRUGGLE

Many a Gainesville Citizen Finds the  
Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Gainesville people endorse this claim:

Mrs. Eliz. Ratherree, 201 W. McCormick street, Gainesville, Fla., says: "For years I suffered from dragging pains in my back, often so severely that I could not move. The secretions from my kidneys were also irregular in passage and caused me further annoyance. Any cold I contracted aggravated my trouble and at such times I was in misery. A friend finally advised me to try Doan's Kidney Pills and I did so. The first few doses gave me relief and when I had taken the contents of one box, the pains disappeared and my kidneys became normal. Doan's Kidney Pills cured me and I am glad to give them the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### HAMILTON—BUNCH.

Pretty Home Wedding Occurred at  
Home of Mr. and Mrs. J. F. Bunch.

From Friday's Daily Sun.

Yesterday afternoon witnessed a very pretty yet simple home wedding in our city, when Mr. Thomas Hamilton and Miss Annie Elizabeth Bunch were united in marriage at the home of the bride. The parlor having been neatly arranged for the occasion, the couple entered from an adjoining room and were quietly married in the presence of the family. The bride wore a neat-fitting brown traveling suit, and was very pretty, indeed. The groom was handsomely attired in a stylish blue suit and stood like a knight by the side of his lady fair.

Mrs. Hamilton is the daughter of Mr. J. F. Bunch, president of the Standard Fertilizer Co., and is a young lady of accomplishment and strong character. Mr. Hamilton is a native of South Carolina, having come to Gainesville a little over a year ago to accept a position with the Experimental Department of the University, and is at present in the employ of the Government, making this his headquarters. He is a graduate of Clemson College and a young man of talent and untarnished character.

The ceremony was performed by Rev. V. P. Bowers of Pembroke, Ga., an uncle of the groom and a prominent minister of the Christian Church. The happy couple left for a honeymoon at Daytona and other resorts, amid the congratulations and good wishes of their many friends.

### MANNING—TOMLINSON.

Pleasant Home Wedding at Home of  
Bride's Parents.

From Friday's Daily Sun.

The home of Mrs. Jonathan Manning was the scene of a most delightful wedding yesterday afternoon at 4 o'clock. Mr. George H. Tomlinson and Miss Rena Manning, daughter of Mrs. J. Manning, were united in marriage in the presence of a large gathering of relatives and friends by Elder J. T. Johnson, pastor of the Advent Christian church. Promptly at 4 o'clock the strains of a beautiful wedding march, played by a brother-in-law of the bride in a masterly manner, filled the room. Soon the couple appeared, stepping promptly upon the rug placed for that purpose. They were met by the preacher coming from the opposite side of the room.

After the congratulations the wedding party left for the home of Jesse Manning, where a pleasant time was spent in eating the goodies served on that occasion. Mr. and Mrs. Tomlinson have many friends who wish them a long and happy life. They will make Gainesville their future home, which is pleasing to their friends and relatives.

### Good for Biliousness.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all druggists. Samples free.

## SOME OF NEGROES MADE A "GET-A-WAY"

DEPUTIES ARE HOT ON TRAIL  
RIGHT BEHIND THEM.

Believed That All Will Be Caught and  
Brought to Gainesville Some-  
time Today.

From Friday's Daily Sun.

On the arrival of Sheriff Ramsey at Newberry on Wednesday night he discovered that part of the negroes wanted by him for assault had skipped out and only one, Dave Neaman, remained guard over the alleged "tiger" and club room, where the severe whipping was administered on Tuesday evening.

The sheriff placed this man under arrest and learned of the whereabouts of the other parties, whom he sent deputies after, and they are expected to arrive in the city today with all the prisoners, he having left his man confined in the jail at Newberry.

It is said that this is only one of a number of just such "dives" that are thriving in the western section, and an effort will be made to break up this lawlessness. The negroes meet there and gamble away their earnings; besides it is always a favorite spot for loafers, for many of them can live off of the few working negroes that have money who frequent these places.

The negro White, who was so badly beaten, is still in a critical condition and it will be a number of days before he is able to be brought to Gainesville to testify against the crowd, even if they are all caught and brought in today.

The case against the negroes is strong and they will be held upon a number of charges in addition to the "flogging" of the man, for some evidence was worked up by the sheriff while he was away.

### From Saturday's Daily Sun:

Deputy George W. Livingston arrived in the city yesterday with the two negroes, Dan and Mose Neasman, who were charged with administering a severe whipping to the negro White a few days since. They plead guilty before Judge Mason and were let off with a fine, which was promptly paid.

### Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If it's complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge—the only cure that never fails and has no bad effects. Sold by W. M. Johnson.

### Garage About Completed.

The large addition to the garage of C. A. Colclough has about been completed and will meet the requirements of the place for some time to come. Large doors are now being placed in the building and when this work is completed it will be all finished. The place has been more than doubled in storage capacity.

Many people delude themselves by saying "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness, and urinary trouble disappear. J. W. McCollum & Co.

### Get the New Contract.

Oliver & Kite were the successful bidders on the hauling for the new contract on the University work, while S. M. Davis was the successful one in securing the crushed rock contract. These contracts are about as large as the government building and it will now keep all three stables running to supply their demands.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy, it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

Isn't there something which only a want ad. can do for you today?

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

*Charles H. Fletcher*

The Kind You Have Always Bought  
In Use For Over 30 Years.

"The Democrats should act in concert," says The Norfolk (Va.) Pilot. And not so much like a village choir.

Georgia declined to make it a felony for a woman to ride astraddle. Thus another legislative hobby goes to the junk heap.

Among other things received from the faunal naturalist was the skin and bones of a dik-dik. Of course, you know what a dik-dik is.

"My wife won't let me resign," says Mr. Justice Brewer. Now we know what power it is that overrules the Supreme Court now and then.

When those 300 cherry trees from Japan are planted in Central Park, New York, what a chance for future George Washingtons to establish reputations!

Pensacola has a Greek policeman bearing the classic name of Pericles. Recent examinations in the department show that he speaks nine languages fluently and writes five.

A New York woman has discovered that she has married a bogus count. Well, that may not be so bad. If he is any different at all he is obliged to be an improvement on the others.

They are talking of another carnival in Jacksonville. If the next affair of this kind is no better than the last one it should be advertised as a "Carnival of Fakes," as the one of last fall deserved to be.

"Now is the time," says The Times-Union, "to discuss the organization of a State board of trade, before the fever of politics rises, before the marketing of the crops begins, too. Next year it will be too late to engage the undivided attention of the people."

What business has the sanitary wagon continually lying around a block every dwelling in which is equipped with sewerage? Its presence is truly a "stench" to those living on the block, and the driver had better be putting in his time where his services would be more beneficial. The proper authorities would do well to look into this matter.

Again we call attention to the fact that it is high time every house in the sewerage district was equipped with proper sewerage. It is an outrage upon some tax-payers that others are allowed to continue the old bucket system, as well as a public nuisance. If the Board of Public Works desires to "do something" they should get busy in this particular.

The Elevator complains of the increase in the price of houses for rent in this city over that of some years ago. The writer's observation and personal experience have been the opposite. Dwellings that a few years ago readily rented for \$12.50 and \$15 per month now bring only \$10 and \$12.50 per month respectively, notwithstanding that the owners have gone to the expense of equipping the premises with sewerage and electric lights. Everything considered, there is not a place in the country where rents are cheaper than in Gainesville.

## FLORIDA IN SUMMER.

One of our most valued subscribers and friends in the Middle West, Mr. Frank Z. Rankin of Glenford, Ohio, whom we hope to welcome in November as a permanent resident, says The Florida Fruit and Truck Grower, surprised the editor by unexpectedly "dropping down" to Ocala the early part of August. We think Mr. Rankin was also a little surprised himself, and agreeably so, because he found out for himself that the Florida summer is in every way as delightful as the Florida winter. Our fine breezes from both the Atlantic and the Gulf come in for their share of appreciation. Mr. Rankin did just what we wish every other prospective settler would do—investigate for himself, coming down unannounced, and not only that, but at a time when the uninformed Northern or Western man believes we are sweltering under a torrid sun and that the inhabitants are all lying in the shade fighting insects and praying for winter.

The truth of the business really is that our summers, though long, are pleasant, the range of temperature being lower than in most of the other States, and that such a thing as heat prostration or sun-stroke is unknown on the Florida peninsula.

Then again, our farmers are by no means idle, for every month in the year is a harvest month, if they want it to be. Then our lumber, turpentine, stock, phosphate, lime, and varied manufacturing interests keep our banks, stores, railroads, steamers and hotels busy all the year.

Life in Florida is not all one sweet song, by any means, nor do gold dollars grow on trees. But in no section of all this great country of ours will the soil more quickly or surely respond to the hand of labor or success crown the efforts of the man who works with his hand and brain. No State offers greater opportunities, and we firmly believe Florida is on the eve of the greatest prosperity and development in her history.

We want more people to join us to assist in bringing to pass the bright promises of the future and to share in our prosperity. The man who comes to Florida today will make no mistake if he will exercise common sense, make his own investigation, and not be led into "get rich quick" schemes or led astray by glittering misinformation and a promise of something for nothing.

## AN EXCELLENT SHOWING.

We call special attention to the annual financial statement of the Board of Public Instruction of Alachua county, which is published in this issue of The Sun. It is indeed an excellent report, showing that on June 30, 1909, the board had on hand a net cash balance of \$2,248.88. This is the first time in the history of the county that they had more money than outstanding warrants. In 1903 the total school debt was \$79,755.60, with a considerable amount of accumulated interest. The interest paid in 1903 was \$4,914.72. The amount of interest paid during the last year was \$338.48. In 1902 the average salary to males was \$51.60; females \$36.70; term five months. In 1909 average salary to males was \$76.14; to females \$46.36; the average school term was 124.9-68 days.

We congratulate Supt. Kelley and the board upon the present condition of the county's school affairs, for it clearly demonstrates that this department of the county government is in safe hands.

The Palatka-Olympic game of baseball which was to have been played at Jacksonville last Thursday was cancelled, Manager Kalbfeld claiming that several of his players were sick. The game was anticipated with great interest in Jacksonville, and The Metropolis has the following to say of Manager Kalbfeld's action: "Manager Price stated this morning that he was reliably informed that the players who Manager Kalbfeld said were sick had been loaned to Ocala to be used in a game against Gainesville. Manager Price was very much angered by the action of the Palatka team and declares that the Gem City boys 'renigged,' fearing defeat on the local grounds." Of course Mr. Kalbfeld would prefer assisting Ocala to defeat Gainesville than risking a defeat of his own team at Jacksonville. Kalbfeld is "sore," and you know what that means to a fellow who has failed to have everything his own way.

Read the want ads. in today's Sun.

## It May Be Pneumonia

"A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.

## THE SUN'S CORN CONTEST.

With a view to showing what is done in Alachua county in the way of producing corn, The Sun offers the following cash prizes for the best corn brought into the office before October 15th, 1909:

Best stalk of corn, showing two or more well-developed ears... \$3.00  
Second best stalk of corn..... 1.50  
Best ear of corn ..... 2.00  
Second best ear of corn..... 1.00

The corn entered must be grown in Alachua county; must be delivered at The Sun office, all charges paid, before October 15th, and be accompanied by the grower's name, address, number of acres grown, average yield per acre, variety, and a short description of the method of cultivation.

The exhibits will be placed in some public place and left on exhibit for a few days at the close of the contest.

The awards will be made by competent farmers, who have not entered any corn in the contest.

The object in offering these prizes is to stimulate our farmers to better things in the way of crops for home use and to ship.

## THE TURTLE AND THE HARE.

Henry Farman, who won the grand prize for aeroplanes at Rheims, is not a high flyer.

He flew low, just high enough to clear obstructions on the course; but he flew long.

His machine is ponderous and slow and has none of the bird-like graces and soaring qualities of some of its rivals.

It had endurance, however; and after having circled about the course for three hours and a quarter and reeled off 188 miles he could have continued two hours longer without exhausting his supply of gasoline.

The turtle has again beaten the hare! English tenacity has once more proved itself of greater usefulness than French elan.

The steady plodder got there while the more dashing rivals must console themselves with the reflection that, as long as they did go they went faster.

But endurance rather than speed is the desideratum in flying machines. —Miami Record.

Editor Caldwell of The Jasper News justly lays claim to being the first editor in Florida to advocate the holding of a State Democratic Convention. The fact is, our friend Caldwell has always been opposed to the primary for the nomination of candidates for State offices. The Sun favors a State convention for the adoption of a declaration of principles, nomination of Presidential Electors and election of National delegates, but for all State and county offices we still believe the primary system the best method of nominating candidates.

Both the Palatka papers are fighting the re-establishing of saloons in Putnam county. That's right. If the saloon is to remain in Florida confine it to the larger cities. Towns like Gainesville and Palatka should never again permit the license of the sale of whiskey within their corporate limits.

Ben Tillman has come out for State-wide prohibition. It now remains for Henry Watterson to jump aboard the temperance band wagon, remarks The Palatka Times-Herald.

It does not look as if affairs would ever shape themselves so as to make it safe for Castro to go in person to look after his Venezuelan investments.

## Improvement of Streets.

During the past week Commissioner Dell has had a force of men engaged in different sections of the city clearing away the grass and weeds from the grass plots. They now present a much neater appearance and the improvement is very noticeable.

## WALDO NOTES.

WALDO, Sept. 4.—Four of the Waldo baseball team, Harvey, Prewitt, Thigpin and Jolly, went to Cedar Key Monday to join members of the team there to proceed by launch to Dunellon to play there and at other points.

Mrs. J. P. Entenza and two children returned from their visit to Tennessee Monday. Mr. Entenza is preparing to move his cigar factory to Jacksonville, and his family also later. The dwelling he has been occupying has been sold by H. J. Dowling to Mr. Williamson.

Mr. Donegan and wife (nee Miss Belle Geiger) have returned from a visit to his relatives at Kissimmee. They also visited Orlando.

The roaming of cattle on the streets is a nuisance which the town council has thus far been unable to abate. It has been undertaken to run them away from their night quarters with fireworks, but it is not a success.

There seems to be no serious case of sickness in the town or community.

Application will be made to the Board of County Commissioners next Tuesday for aid for an aged and indigent resident who is in ill health, and who has never been aided in a public way.

Mrs. Hugh Williams returned from her summer outing in the Carolinas much improved in health, having had a very pleasant visit among relatives.

Meetings are in progress for half this week in both the Baptist and the Methodist churches, and will continue in the latter of next week, Evangelist McCall assisting the Methodist pastor, and Evangelist Estmenger assisting the pastor of the Baptist church.

Capt. Arthur Boring has had his double team for some days hauling clinkers from the railroad to the street fronting his residence and to other low places and sidewalks, with several hands to place them, much to the improvement in looks and comfort of those streets. Dr. Boring has also improved the sidewalk along his property.

Several devotees of the baseball persuasion went to Starke Friday to witness a game in which the Waldo team was interested.

These delightful breezy days are welcomed as coming none too soon, and it is hoped they have come to stay.

Mr. Fletcher, baker at Renault's restaurant, has been in Atlanta some time for his health, and Mrs. Fletcher is supplying his place. Mr. Fletcher is expected home soon.

## NEWS OF CITY AND COUNTY CONDENSED

## From Sunday's Daily Sun:

Mrs. Corpew and son, Marion, who have been sojourning for the past few weeks at White Springs and Melrose, are at home again. Mrs. Corpew's friends will be gratified to learn that her health was greatly improved by the health-giving waters of White Springs.

Ed K. Rosborough of Windsor, the clever and successful traveling representative of the J. H. McLaurin Company, Jacksonville, was in the city yesterday in the interest of his firm. He left in the afternoon for home, where he will spend Sunday with his parents, Captain and Mrs. J. A. Rosborough.

Motorman Cuilla of Pensacola has been receiving many congratulations for his heroic efforts in saving a little child's life on the East Hill car line. The boy was trying to cross the track before the car, and when he reached the middle of the track he became spell bound and stopped. The motorman with almost superhuman strength, threw all of his weight on the brake handle, stopping the car just a few feet away from the child. Not only did he succeed in stopping the car, but he reached over and lifted the child to one side of the track.

## STATE PRESS COMMENT.

Senators Fletcher and Talliaferro are charged with "voting with Aldrich." The truth is, they always vote for Florida and, if sometimes a vote for Florida happened to be a vote with Aldrich, who in Florida should object?—Tampa Tribune.

It is given to Florida to show what she can do in the way of accumulating funds for our namesake silver service. The Florida is a fine specimen of the floating weapon of war, and a subscription worthy of its importance on the list of the navy should be collected.—Times-Union.

Attorney-General Trammell announces, through The Tallahassee True Democrat, that he has no intention of making the race for the United States Senate. The decision is a wise one. Mr. Trammell has lots of time and he will be enabled, later, to seize a more propitious occasion.—Tampa Tribune.

The white primary for the nomination of municipal officers is daily growing in popularity throughout the South. Such a method should be pursued for the selection of officials in this city next year.—Gainesville Sun. Try it. You will never return to the old system. Orlando has practised it for many years and could not get along without it.—Orlando Reporter-Star.

Agitation for a Democratic platform convention is increasing throughout the State. It is time for the Democrats of Florida to come together and enunciate a platform of principles upon which all candidates claiming to be Democrats will be required to stand. The personal platform has been tested and shown to be nothing more than sounding brass and a tinkling symbol.—Brooksville Argus.

Once the North thought itself magnanimous in admitting that Lee was not a traitor, and then the campaign was begun for the vindication of Jefferson Davis. As soon as something like a confession has been won for him, Gen. Evans notifies the world that Raphael Semmes must have his day in turn. But aren't we pushing justice a bit fast? Those who have justice on their side can afford to be patient with the erring.—Times-Union.

That the race for the United States Senate at the primaries next spring will be lively is evident on all sides, though the election is several months off. Broward is a candidate and he will have his maps and other catches. Talliaferro will be in the running, with two terms of usefulness to his credit. Blount of Pensacola will also be in the running. Sparkman will not enter, but will be returned as Congressman, no doubt, without opposition.—Dade City Star.

We regret to see that some of the State exchanges have begun mud-slinging before the approaching campaign has been formally opened. It does seem that these "penny-a-liners," as Congressman Clark would call them, would have learned by experience that mud-slinging does not pay in Florida. The most effective fight to put up against a political opponent is the fair fight. The editor who hits below the belt in the next campaign is going to receive our special attention throughout that campaign, and we have evidence now that we shall be kept busy during a part of the campaign.—Pensacola News.

If it's printed stationery you want, The Sun office is the place to get it.

## SCHOOLS OF COUNTY TO OPEN THIS MONTH

MONDAY, SEPTEMBER 20TH, OPENING DAY FOR SCHOOL HERE.

Number of the Fall Schools Are Already Running and Attendance Is Very Good.

From Sunday's Daily Sun:

The public schools of the county for the fall term will commence to open tomorrow, and will gradually continue opening until about the latter part of the month, when they will all be running.

The Gainesville Graded and High School, which has usually opened about the 20th, will open this year on September 20th, and all of the schools of the county will be running by this time.

Already a few of the schools have opened for the fall term, but some ten or more open tomorrow, and the schools of the larger places like Micanopy, Alachua, High Springs and Hawthorn will open within the next two weeks.

Superintendent Kelley is highly pleased with the corps of teachers he has secured for the coming school term and believes that much good will be accomplished throughout the county.

He stated that the first week of the opening very little work would be done, owing to the change in the school books, but he believes that with the low prices that have been secured by the board this change will prove beneficial to the general patrons within a short while.

From present indications it looks as if the attendance will also be large, for no hindrance will be experienced by the children being compelled to remain at home to speak of, and this will make the first days of the school more gratifying to the teachers and the pupils to have a large start-off on the opening.

### ARNOW SUSPENDED AS MARSHAL.

Matter Reported to City Council With Mayor's Recommendations.

From Friday's Daily Sun:

B. T. Arnow, who has served two terms as marshal of the city of Gainesville and was filling the third term, was, according to telegram, called to Brunswick very suddenly Wednesday morning.

He failed to see the mayor before his departure, and as there are many rumors afloat concerning his actions the mayor suspended him from the office pending an investigation by the City Council.

The mayor on Thursday morning swore in Policeman Owens as acting marshal and he will hold the position until some action is taken by the City Council.

Mr. Arnow has given a very satisfactory service to the city during his career, and a great many of the citizens are loath to believe the charges that are now public rumor about the streets and which deal in purely a personal matter and are unfit for publication.

From Saturday's Daily Sun.

B. T. Arnow has wired Marshal Owens that he will return to the city some time during the day, and will face the council in the charges that have been preferred against him by the mayor.

He further stated that he had nothing to fear by returning to Gainesville and can satisfactorily explain his sudden departure, which was occasioned by an urgent telegram of a personal nature requiring his presence in the Georgia city, and he did not have time to confer with the mayor before his departure.

### Will Leave for Vacation.

From Saturday's Daily Sun:

Geo. P. Morris, the hustling insurance agent who has twice won distinction for getting the largest volume of business, left yesterday for his annual vacation, which will be spent in Alexandria Bay, N. Y., and also other points, as the guest of the Prudential Insurance Company. He was the top-notch in writing business last year, but this year he is the only agent in Florida who has won the distinction of coming up to the required amount necessary to win the trip with all expenses attached.

## KELLEY'S MILL SUFFERS FROM RAGE OF STORM

STORM BLEW OFF ROOFS AND DID CONSIDERABLE DAMAGE.

Greatest Loss Was to Material Which Had Been Placed in Storage Rooms.

The storm of Thursday evening,

which was only slightly felt in this city, is reported to have done considerable damage in the Prairie Creek section, having demolished a number of buildings and damaged the large, venerable mill of Kelley & Sons to some extent.

The damage at this place alone will amount to about \$1,500, so one of the members of the firm informed the reporter Friday, but the greatest loss was to material which was already cut and placed in the large storage warehouse.

Two of the smokestacks were blown down, while a number of the roofs were taken off the buildings.

The damage to the machinery is slight, as was also the timber in the woods, and Dr. Kelley is of the opinion that they can get the plant running within the next week. They hope to be able to use all of the fallen trees before the worms get to work upon them.

South of Rochelle and near the junction the storm was very severe, and a heavy loss of timber is reported from that section. The Gainesville excursionists were passing this point at about the time the storm was at its worst and could plainly see the trees falling in all directions.

### DEATH OF MISS RAUE.

Dies at Home of Parents After Long Suffering.

From Saturday's Daily Sun.

Miss Annie Raue, eighteen years of age, who has been a patient sufferer from consumption for the past several months, died at the home of her parents in South Gainesville Friday afternoon at 2 o'clock from the dreaded disease.

Her death was not unexpected, for she had been gradually sinking for the past number of days and the family were advised of the serious condition several days since by the attending physician.

The funeral services will be held from the home of R. B. Peeler, in South Gainesville, this morning at 9 o'clock, the Rev. F. R. Bridges conducting the same, while the remains will be in charge of Undertaker T. F. Thomas and the interment in Evergreen cemetery.

### OCALA WAS VICTORIOUS.

Defeated Oak Halls by Close Margin, After Exciting Game.

The third of the series of games between the Oak Halls and the Ocala team was pulled off in Ocala yesterday. It was a pretty game up to the seventh inning, when the game stood 2 to 0 in favor of Gainesville, but the Brick City boys managed to cop the game by one run, making the score 3 to 2.

This makes the standing of the clubs as follows: Out of a series of seven games, Ocala won four, Gainesville, two, tied one.

### WALDO WINS AGAIN.

WALDO, Sept. 4.—Waldo and Lawley met on the Starke diamond yesterday, Waldo winning by a score of 6 to 4. Batteries—Waldo, Pound and Harvey; Lawley, Pearce and Burney. The Lawley team was strengthened by the addition of four of the best Starke players. A large crowd witnessed the game.

### Funeral of Miss Rauer.

The funeral services of the late Miss Annie Rauer, the sad death of whom occurred Friday afternoon, were held from the residence of Mr. R. B. Peeler, South Gainesville, Saturday morning at 9 o'clock, Rev. F. R. Bridges officiating.

The services were well attended by friends of the deceased, all of whom deeply mourn her death.

The funeral arrangements were in charge of Dr. T. F. Thomas.

The best place to buy your goods is at the store which invites you to come through an ad. in The Sun.

## MARY RANSOM TRIES TO USE HER KNIFE

MADE SEVERAL SWINGS AT DEPUTY SHERIFF JOHNS.

Officer Finally Subdued Her and Placed Her Under Arrest.

Trial Next Wednesday.

From Saturday's Daily Sun:

Mary Ransom, a negress of this city, was arrested Thursday night when she attempted to make "mince meat" out of Special Agent Will Johns of the Coast Line.

Mary had indulged in too much "tea" and was making herself rather obnoxious to other passengers when she was approached by the deputy and asked to quiet down. Instead of obeying his commands she began abusing him and pulled her knife, making a number of slashes before she was subdued by the officer's billie.

The officer brought her here and turned her over to Sheriff Ramsey, and on Friday had a warrant issued for her upon the charge of assault.

Mary was brought before Judge Mason in the afternoon and the trial postponed until next Wednesday morning at 9 o'clock.

She succeeded in making a few slashes in the clothes of Special Agent Johns, but failed to graze the flesh.

This woman is known to have quite a bad reputation and has been in "scraps" on numerous occasions, but this charge is the most serious one upon which she has ever been held.

Robert Morgan, who sells beef on Wall street and who has been a well-known character here for a great many years past, was arrested by the same officer on a charge of stealing whiskey. Robert gave bond for his appearance before the Judge next Thursday.

John Harris, charged with stealing a package containing beer and whiskey, was arrested and some of the goods found in his possession. He will be given trial along with the others and will probably get a few months in the gang for his love for the "red water."

### SEA ISLAND COTTON.

Savannah Market Was Steady and Firm the Past Week.

SAVANNAH, Ga., Sept. 4.—The Sea Island cotton market was steady and firm the past week, with a fair demand and considerable business reported at unchanged quotations.

Crop accounts remain much the same, reports showing continued deterioration in Florida; Georgia accounts are better, but less favorable than the early promise. Receipts of the new crop are increasing slowly.

Sales for the week, 846 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	.....22	@22½
Fancy Georgias	.....22	@22½
Extra choice Floridas	.....20	@21
Extra choice Georgias	.....20	@21
Choice Ga's. and Fla's	.....18	@19
Ex. fine Ga's. and Fla's	.....15	@16
Fine Ga's. and Fla's	.....13	@14
Com. Ga's. and Fla's	.....11	@12

### MASONIC INSURANCE.

The Masonic Mutual Life Association of Washington, D. C., was organized in 1866, and the association belongs exclusively to its members.

The object of this association is to furnish to Masons good insurance at cheaper rates than can be obtained elsewhere.

In this laudable undertaking the officers and directors invite your investigation and hearty co-operation.

Old line plan, five different contracts, 15 to 20 per cent under the regular commercial companies or an annual saving of \$6 to \$8 per thousand.

This is a systematic way of creating a fund out of which will be paid to the widows and orphans of our deceased brethren a certain sum of money. It relieves our local lodges of call for charity.

Call or write for details.  
N. C. PETTIT, Special Deputy.  
Waldo, Florida.

Tampa has received official notice from Washington that mail delivery will be discontinued after October 1 on all streets where there are no paved sidewalks.—Miami Metropolis.

## ARRESTED FOR MISAP- PROPRIATING FUNDS

POSTMASTER OF CHIEFLAND HAS BEEN BROUGHT HERE.

Young Man Is Prominently Connected and People Believe Some Error Exists in the Accounts.

From Saturday's Daily Sun.

H. G. Hardee, a prominent young man of Levy county and postmaster at Chiefland, has been arrested and brought to this city to stand trial before Commissioner Cushman upon a charge of misappropriating Government funds.

Several witnesses have been summoned here to testify in the hearing, which has been set before the commissioner at his offices this morning.

A number of friends of the young man believe that he is innocent of all intentional wrong. They are of the opinion that he has gotten his accounts mixed in some manner and believe that he will come out of the case all right.

He is connected with some of the very best people of Levy county.

Deputy Marshal Richardson, who went after and arrested him, has given him the most kindly consideration and exercised every effort to secure bail for the young man, which was finally given through a close relative of the defendant.

### ORANGE HEIGHTS.

ORANGE HEIGHTS, Sept. 2.—We hope the rainy season will soon be over.

Nathan and Bell Hall are both at home.

Mrs. Carrie Yearwood and Mr. Spear Yearwood and family of Melrose visited the family of Wm. McMillian Saturday and Sunday.

Miss Bell McMillian, who has been at Melrose for some time, is at home again and everyone is glad to see her smiling face.

A little daughter came last Monday to gladden the hearts of Mr. and Mrs. Henry Davis.

Jos. Adams visited Gainesville on business last Thursday.

Miss Lillian Yearwood and sister, Terresa, of Melrose, are visiting the family of their uncle, Wm. McMillian.

Mrs. Geo. Fletcher and children visited at Micanopy last week.

Mrs. Sarah Tillman has moved from

her farm near here to this place the store of her brother, W. J. man.

Mrs. Jos. Adams visited the of J. H. Patterson of North Oville Thursday and Friday week.

Joe and Jake Ponds are mowing grass off the school yard this week. School will begin September Wm. Paulsen was at Wald week assisting the postmistress.

# THE POSTAL DEFICIT RECORD IS SMASHED

It Will Exceed Twenty Million Dollars---Hitchcock  
Tells How He Will Reduce Expenses.

BEVERLY, Mass., Sept. 2.—Postmaster-General Hitchcock had an important conference with President Taft yesterday afternoon regarding the plan he has formulated for cutting down expenses in the postal establishment. He told the President that, according to the latest estimates, the Postoffice Department will show a deficit for the fiscal year ending June 30, 1910, of more than \$20,000,000. This is the largest deficit the postal service ever has known.

The deficit for the fiscal year ending June 30, 1909, was about \$14,000,000. The increase, as nearly as can be ascertained, was due in part to extensions of the service; to the business depressions during the first part of the fiscal year and to the cumbersome and expensive methods of handling the mail, and in other departments of postal work.

The Postmaster-General has now at work in Washington a commission of fifty odd experts examining the registry department, which has been showing a growing deficit year after year.

## As to Franking Privileges.

When the registry commission has finished its labors, Mr. Hitchcock will summon another commission of money order experts to make a similar examination of the money order division. This division has also been showing a growing deficiency, whereas the Postmaster-General thinks it should be soon placed on a self-sustaining basis.

After the money order division has received an overhauling work prob-

ably will be begun on the rural free delivery system.

The subject of the "franking" privileges of the sending of matter through the mails free by Government officials and members of Congress also will come in for a share of consideration in the effort to maintain the efficiency for the service and at the same time to save money wherever a saving can be effected.

## Hammond's Cook for Taft.

Mr. Hitchcock also had a final talk with the President regarding some of the disputed census supervision in the South. Mr. Hitchcock knows the Southern political situation like a book and he has been freely consulted in the selection of men there. Director Inland of the census is due in Beverly soon to bring the commissions of the supervisors which remain to be signed by the President. Despite the protests of Col. Cecil Lyon, Republican national committeeman, it has been decided that the Texas supervisors shall half of them be Democrats and half Republicans. The Postmaster-General will join President Taft at Los Angeles, Oct. 11 and remain with him until after the meeting with President Diaz at El Paso, Tex., Oct. 15.

That the President is to be well cared for so far as the inner man is concerned on his long Western and Southern trip, was assured yesterday when it was learned that John Hays Hammond has assigned his own cook to preside over the culinary department of Mr. Taft's private car.

# Florida Press Comment Upon Current Topics

After covering 10,000 miles of this great country, seeing and studying the wonders of the Great West, jotting down facts and developing ideas that will be of incalculable benefit to his paper and his town, Editor Bittinger, of The Ocala Star, has returned home and resumed his accustomed place at the editorial desk. Mr. Bittinger has written some very interesting letters to his paper from the various points on his extensive itinerary and The Tribune hopes that he has the mental notes for many more before he finally completes the series. His message to his readers is: "With all the appalling wonder and splendor seen in our travels, we are home with a sense of relief and an abiding faith in Florida and its future, a place that seems more like home than all the rest of the world."—Tampa Tribune.

The Tribune really hopes that the rumor printed by The Peoria Herald, that Broward will make the race for Congress against Frank Clark, will prove true. Why? Because we would witness in such a campaign a series of hair-raising "scraps" such as no State has experienced in years. But there is little chance for such a battle—Broward has had some experience on the stump

with Frank Clark, notably in Tampa when the drainage amendment was being submitted to the people, and the former Governor is not of that class of fools who know not when they have a plenty.—Tampa Tribune.

The New Smyrna Bee says that Claude L'Engle's candidacy is looked upon as a joke in that part of the State. It is a joke, Claude's a joke, but even a joke can sometimes be carried too far. —Palatka News. No likely, if an ox cart is to be substituted for the automobile as announced by several of the State papers.—Pensacola Journal.

There are men in Bradentown who are poor financially, but rich in patriotism for the town. Such a man is worth a half dozen of the large property owning class who refuse to help public enterprises, unless they can see a dollar in it for themselves. —Bradentown Journal. And this is where Brother Joseph Humphries says a mighty wise thing. No purely selfish man can be anything but a hindrance to his city's progress, because he will sacrifice its best interests every time in order to put more dollars in his own treasury.—Pensacola Journal.

# S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetters, Skin Eruptions, etc., are troubles which affect the skin, their source is far deeper than the outside trouble. These affections are caused by impurities in the blood, and in the blood. Such impurities irritate and inflame the delicate net-work of dermic tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains impure. This eruption causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. Thus S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system, and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the skin, dried blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.

## CONTRACTOR ARRIVES FOR THE UNIVERSITY

WORK WILL COMMENCE WITHIN  
A VERY SHORT TIME.

Looking Over the Grounds and Local  
Situation, Preparatory to Com-  
mencing Work on Buildings.

From Friday's Daily Sun.

John J. Cain of Columbia, S. C., senior member of the firm of Cain & Co., contractors for the new buildings at the University, is in the city to look over the ground and make his preliminary arrangements for the commencement of work.

He arrived here on Wednesday evening, but so quiet and modest was he about his mission that it was some time before the army of sub-contractors about the city were aware of his presence. He visited the grounds at the University site in the evening and again on Thursday for the purpose of making his plans and necessary preparations for the commencement of the work on the buildings on the two sites.

While he signed no contracts, it is more than probable that the local men will have the chance to sell him a great deal of the material that will be consumed in the two large buildings, also the smaller agricultural building.

Before his departure he will make the necessary arrangements and some definite time will be decided upon for the work to commence, which it is now thought will be in the very near future. Mr. Edwards, the architect, will probably meet with him here on his next visit, and the work will then be begun.

## Hopppity Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb, or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff legs, or anything of like nature, use Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1.00. Sold by W. M. Johnson.

## Gainesvillians to Ocala.

From Saturday's Daily Sun:

In all about twenty of our citizens went down to Ocala yesterday afternoon to witness the second ball game between the two teams. Among those on the trip were Harry Denton, Mr. J. A. Etzel, Dr. Jas. M. Dell, B. M. Tench, J. B. Brooks, C. A. Faircloth, J. Maxey Dell, A. B. Hartsfield and a number of others. "Stung!"

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for knee back, pains in the side and chest, and much cheaper. Sold by all druggists.

James Gallagher, one of the victims of the dynamite explosion at Boca Chica, on the Florida East Coast railroad extension last week, died Monday at Key West. This makes the total number of eleven dead as a result of the accident.

Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected, life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system. J. W. McCollum & Co.

The Sun office for calling cards.

## DELAND MAN KILLED HIS LITTLE DAUGHTER

CHILD WAS ASLEEP WHEN THE  
RIFLE WAS DISCHARGED.

Bullet Entered Her Hip Severing an  
Artery, Causing Almost In-  
stant Death.

DELAND, Sept. 2.—The relatives and many friends of Mr. and Mrs. Albert Marsh were shocked to hear he had accidentally fatally shot his four-year-old daughter, Eva, Wednesday morning. Mr. Marsh is a prominent stock man in this vicinity, living on Lake Ashby, and has several relatives in this city. He arose about daylight to go out and move a flock of sheep, and happened to notice that his rifle, which was standing in the corner, was dirty. He took it out on the porch to wipe it off, while his wife was preparing his breakfast. He did not notice that the rifle was cocked, and in some way it was discharged, the bullet going through a window of the bedroom and striking the little girl in the hip. She was asleep in bed, and died in about half an hour. The sudden death was caused by the bullet severing a large artery, which could not be stopped before help arrived.

The rifle was 32-caliber, and if the artery had not been severed the wound would not have been very serious. A messenger was sent to DeLand and Dr. Davis hurried out to Lake Ashby, but arrived too late.

## Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Heroin, the best liver regulator that the world has ever known. Sold by W. M. Johnson.

## MITCHELL IS TO SERVE ONE YEAR IN CHAIN GANG

ATLANTA, Sept. 2.—Gov. Brown decided yesterday to let the sentence originally passed by the court in the case of William H. Mitchell of Thomasville, twelve months on the chain gang, stand.

Governor Brown disapproved the communication or change in sentence recommended by the Prison Commission, which would have sent Mitchell to the State prison farm for twelve months instead of to the chain gang in his home county, holding that the original sentence of the court is a correct one, and should not be interfered with.

The Governor expresses confidence that the authorities charged with the custody of the prisoner for twelve months will meet all the obligations in connection with his case that may be demanded by humanity.

### Tells Sheriff to Act.

Before making public announcement of his decision Governor Brown got into communication with the sheriff of Thomas county and notified him that he had better take Mitchell into custody, as the decision was adverse.

Mitchell is under respite which was so worded that it extended until Sept. 4, or such time prior to or thereafter that the circumstances might warrant.

This is, apparently, the end of the Mitchell case, and Mitchell must serve his twelve months' term on the chain gang imposed by the court following his conviction of assault and battery upon Miss Lucile Linton of Thomasville.

### Upholds Original Sentence.

In his finding Governor Brown briefly reviews the history of the case in the courts, and quotes from the decision of the Court of Appeals in which it is pointed out that the verdict is "tempered by the quality of mercy." He calls attention to the fact that the trial judge declined to recommend any change in the sentence and that the friends of Mitchell stated that in any event they did not want him sent to the State prison farm. Governor Brown then says:

"I would that the ordeal of deciding this case were not upon me. My heart bleeds for the gentle and re-

lined family of this one whom the jury of his peers has declared guilty of the mad act which has plunged them into the slough of sorrow.

"But it was not intended that the constitution should be upheld, or the laws administered, on sympathy and pity, else the vilest criminal could secure a guarantee of immunity; and it was not intended that penalties, levied after a fair trial, should be set aside by petition, for the Supreme Court of the United States (Smith vs. Ames) has said: 'This is a government of law, not of man.' And in the assurance to the law-abiding and in the warning to the lawless that the laws will be certainly executed we have the warrant of peaceful intercourse and of protection to person and property.

### One Law for All.

"Should the clemency asked for in the present case be extended, there is grave danger that it would bear fruits of sorrow in every section of our State. It would set an example pernicious beyond compare, an example embodying a daily menace to Georgia's womanhood. It would say that we have one law for the rich, another for the poor; one law for the highly educated, another for those too poor to enjoy the privileges and immunities consequent upon education, one law for the classes, another for the masses.

"Furthermore, while the pardoning power conferred upon the executive is practically unlimited, yet it must be held in mind that it was the manifest intent of those framing the constitution that it should be exercised in such manner as would not impair the confidence of the people in the purity of the foundation of justice, the courts, or weaken the foundation upon which society is built.

"For the foregoing reasons I am forced to the conviction that the sentence originally passed by the trial judge in Thomasville should stand, it being readily understood that the authorities charged with the custody of the appellant for the period of twelve months will protect all the obligations demanded by humanity.

"JOSEPH M. BROWN,  
Governor."

## Georgia-Florida Saw Mill Association's New Office

JACKSONVILLE, Fla., Sept. 3.—The Georgia-Florida Sawmill Association, general offices at Tifton, Georgia, have just established an office in Jacksonville. They are occupying a handsomely furnished office on the tenth floor of the new Atlantic National Bank building. This office has been opened for the benefit of all sawmill men and a general letter to this effect has been sent out to all the mills in Georgia and Florida. They are expected to make this office their headquarters while in Jacksonville. In fact it is to be an information bureau for the lumber interests in general.

The association has secured the services of O. E. Baynard, who has charge of this office. Mr. Baynard is a young man who is especially fitted for this position, having had ten years' experience in the lumber business, and is perfectly familiar with all the different details in the manufacture and distribution of lumber, having worked in the largest mills of the South and wholesale and retail yard and on the docks at Philadelphia. He is a competent lumber inspector and will be glad to investigate any trouble that the mill men may have with any shipment to Jacksonville.

## Man Tied To Tree, Gagged and Tortured by Insects

GULFPORT, Miss., Sept. 2.—Lumbermen arriving here from the Nugent section, 10 miles north of Gulfport, report that three highwaymen held up an employee of the Ingram-Day Lumber Company, near Nugent, two days ago and after robbing him of \$40, his entire month's wages, tied him securely to a tree in the woods. In order to silence him while they were making good their escape, they stuffed his mouth full of paper and rags, and then ran off.

The man remained in this position

for almost 48 hours and when accidentally discovered, was in a pitiful condition. Without food or water, and suffering agony from the numerous bites of gnats and mosquitoes, it was several hours before he could even be partially revived. The man's name is not known here, but the Harrison county authorities have started an investigation.

The best place to buy your goods is at the store which invites you to come through an ad. in The Sun.

## YOUNG MEN, LEARN TELEGRAPHY!

Telegraph Operators Are in Great Demand.

Boys, this is your opportunity to learn a first-class trade that pays a good salary every month in the year. There will be a greater demand for Telegraph Operators this Fall and Winter than there has been for many years past. The prominent railroads of the South and other parts of the United States are writing us to qualify as many young men of good character for their service as we possibly can. We trust that the reliable, ambitious boys of the South will rally to this golden opportunity.

Our students qualify for service in only four to six months. We guarantee positions. Graduates begin on \$3 to \$65 per month; easy employment, rapid promotion.

Our tuition is reasonable; board at low rates; Newnan is extremely healthful; fine climate; excellent drinking water. Write at once for our new illustrated catalogue. A letter or postal will bring it. IT IS FREE.

**Southern School of Telegraphy**

### ISLAND GROVE.

ISLAND GROVE, Sept. 2.—Capt. Insign has been quite ill for the past week, but we are glad to say he is improving.

J. O. Howard leaves here to take charge of his school at Pratt's Island. He is one of Island Grove's most prominent young men.

A crowd of young men enjoyed a moonlight ride and fish fry Saturday night at the Natural Well hammock. There was an ice cream supper at the school house Friday night and an entertainment which was enjoyed by young and old.

A crowd of young people took a moonlight stroll to Citra Monday night, but they were somewhat disappointed. They expected to attend a holiness meeting, but there was nothing to it.

A. E. Evans has moved to this village from Inverness. He expects to engage in truck farming this winter.

J. W. Whitman expects to move in a few days out in the country. We regret very much to lose Mr. Whitman.

Mrs. E. A. Dupree is in the hospital at Ocala. We hope to have her back with us again soon.

Mrs. W. R. Brice is able to be up again and we are very glad to see her out and looking so well.

R. L. Lowery is drilling a well for Mr. Show. Mr. Lowery is a very successful well driller and always gives perfect satisfaction.

J. Whisler has been quite ill for the past few days, but is better today. Mr. J. R. Tompkins was in town trading today.

I am Roe took a flying trip to Citra yesterday.

Moze Sykes left Monday night for Jacksonville, where he has secured a position.

### To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by W. M. Johnson.

The Pensacola Merchants' Association has moved into its spacious new quarters in the Fisher building. This association is rapidly becoming one of the most important organizations of its kind in that city.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all druggists.

W. E. Warren of Wauchula has put up more than 5,000 cans of vegetables since spring with a small home canner, for which he is finding an appreciative home market.—Florida Fruit and Produce News.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all druggists.

### BURGLAR ALARM SYSTEM.

The Dutton Bank Install New and Perfect System.

The Dutton Bank of this city is now fully equipped with all modern conveniences and protection for an up-to-date banking house. While the bank has been only a short time under its present management, the business has already grown to wonderful proportions and a splendid success is assured.

The last of the fine equipment, the Electric Burglar Alarm System, has just been completed, and a public demonstration of the system will be given Saturday, September 11th, at which time the public is invited to inspect the system in every detail.

This new electric system of vault protection manufactured by the Electric Protection Company of Minneapolis, Minn., has just been installed in the above named bank. The large steel vault is now lined throughout with two plates of electrically charged steel. Any attempt to enter the vault with explosives means instant death to the party attempting it, and at the same time sets in action immense gongs located in and about the bank building. The directors of the Dutton Bank are sparing no expense in making both their depositors and themselves absolutely secure from burglary, and they are using every precaution to guarantee a safe and conservative financial institution for the people of this section of the State.

The interesting and convincing demonstration will convince the public that the bank is now absolutely burglar proof.

### NO ONE TO BLAME.

Verdict of Coroner's Jury as to Key West Disaster.

KEY WEST, Sept. 2.—The coroner's jury which investigated the dynamite explosion of last week at Boca Chica, on the Florida East Coast railroad, which resulted in the death of twelve men and the wounding of ten others, yesterday returned a verdict, holding, that, after a full and complete investigation, no evidence had been adduced which would warrant the jury in attributing the explosion to any "criminal or culpable negligence as defined by our statutes."

Foreman Hitt, who was in charge of the workmen, testified that he allowed the men to smoke, having received no orders against it and not thinking it was dangerous notwithstanding the men were working within a few feet of a thousand pounds of dynamite.

The jury decided that a match was thrown into a box of dynamite by someone of the workmen.

## CASTORIA

The Kind You Have Always Bought

Bears the Signature of J. C. Watson

### Mayor's Court Friday.

There was a light docket at the mayor's court Friday morning, after the postponement of the gambling cases against the negroes.

Elmer Norris, Freddie McRae and W. C. Dansy, riding bicycles on sidewalk, were all let down with the payment of costs.

The cases of James Carolina, Gus DeRose and Rex Ross, crossing the line at the Seaboard depot, were continued until Monday.

The case against the gamblers was continued until Monday morning.

### Health and Beauty Aid.

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Orino Laxative, for indigestion, stomach and liver troubles and habitual constipation. Cleanses the system and is pleasant to take. J. W. McCollum & Co.

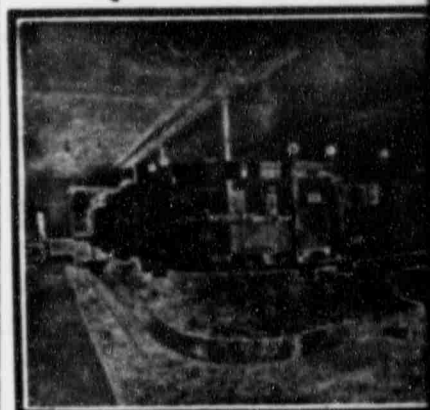

The bridge over Six-Mile creek, on the road to Plant City, was washed away Tuesday night by the rush of water which covers all the bottom land in its territory. The bridge was of steel and cost several thousand dollars. The loss is said to be almost total.

### Warning.

Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. J. W. McCollum & Co.

## NEWS OF CITY AND COUNTY CONDENSED

### MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

#### What Has Happened and What is Going to Happen—Personal and Social Items of the City.

From Friday's Daily Sun.

S. F. Manuel of Archer was a visitor to the city yesterday.

Judge A. D. Chamblin of Archer was transacting business here yesterday.

Capt. J. A. King of Orange Heights was transacting business here yesterday.

Another shipment of stone for the Government building has arrived and is being unloaded.

Mrs. B. P. Hopson of High Springs arrived in the city yesterday on a short visit to relatives.

Wade Thomas, one of the planters of the Montecocha section, was visiting in the city yesterday.

M. S. Lanier of Newberry was visiting in the city yesterday on matters pertaining to the Holt estate.

Born, to Mr. and Mrs. Alfred Harrod of East Gainesville, a fine boy. Both mother and child are doing nicely.

Hon. T. A. Doke, member of the Legislature and a prominent citizen of Santa Fe, was a visitor to Gainesville yesterday.

The many friends of C. P. Huffman, the genial proprietor of the hotel at Melrose, will regret to learn of his serious illness.

A. E. Summers of High Springs was a visitor to the city yesterday. He states that business is good in that flourishing place.

Miss Blanding, who has been absent for the past number of weeks visiting various points of interest, returned home yesterday.

Mr. and Mrs. W. A. Robertson of Columbus, Ga., are in the city visiting the parents of Mrs. Robertson, Mr. and Mrs. J. S. Edenfield.

J. L. Medlin, who has been absent for the past several weeks in North Carolina and other points with his family, returned home yesterday.

Mrs. I. W. Scott, who is now in Asheville, writes friends that she is enjoying her visit very much and that she is feeling much improved in health.

M. Venable of Archer was in the city yesterday. He drove up with his fine pair of blacks and states they are fully equal to an auto when it comes to making good time.

Alexander Harper, who has been absent for the past few months attending the Riverside Military School at Gainesville, Ga., arrived in the city yesterday to spend some time.

Wm. Tharin, who has been located here for the past three months as a special agent under Capt. A. Paul, left yesterday for Washington, having been transferred to that division.

O. N. Sanders, a prosperous business man of the Trenton section, who was for a long while treasurer of Levy county, was visiting Gainesville yesterday. He has a large circle of friends here who are always pleased to meet him.

Henry Stokes, the melon grower of Micanopy, was in the city yesterday. He plants very little other truck, but when the melon season rolls around he can always be relied upon to have one of the largest crops to be found in that section.

Mrs. E. A. Davies and grandson, Harris, have gone to Birmingham, Ala., having been called there on account of the serious illness of the former's daughter, Mrs. W. R. Bynum. Provided the condition of Mrs. Bynum improves they expect to spend some time in different parts of Georgia visiting friends before their return home, which will be early in the fall.

NOTICE—Any and all persons are strictly forbidden to cancel or trade for mortgage given to me by Jehu Chesser for the sum of Five Hundred Dollars (\$500) and recorded March 28th, 1903, in book No. 28, page 61, given to me for the purpose therein expressed. The mortgage has been stolen or taken from my premises by parties unknown to me, therefore all persons are prohibited to trade or cancel the same. Daniel Chesser, LaCrosse, Fla.

From Saturday's Daily Sun.

Wm. Littledale, the candy man of Hawthorn, was in the city yesterday calling upon the trade.

J. F. Moody of Alachua, accompanied by his brother, Osia, were visitors to the city yesterday.

A. S. Albright, who has been spending the past several weeks in Virginia, returned home yesterday.

Mrs. G. B. Tison and little daughter, Martha, have gone to Earleton to spend a few days visiting relatives.

Dr. C. L. Carter, who has been absent for the past several weeks taking a special course, has returned to the city.

Capt. J. J. Barr, who has been in Georgia for the past few weeks, passed through the city yesterday en route to his home at Micanopy.

Deputy Sheriff G. W. Wynne of Newberry was a visitor to the city yesterday. He brought over a negro prisoner for Sheriff Ramsey.

Mrs. L. N. Hansell and little child, who have been spending the past number of weeks at Dothan, Ala., have returned to their home in this city.

R. Y. Winter, who is connected with the Florida Experimental station, left yesterday on his annual vacation and will be absent for about two weeks.

W. W. Colson and wife of Trenton arrived in the city yesterday and will spend a short while here visiting relatives. He is a cousin of County Tax Assessor Colson.

G. L. Denton, a trucker of the Micanopy section, was transacting business in the city yesterday. He says that all of the planters are busy making preparations for fall crops.

Dr. J. H. Alderman and wife have returned from Indian Springs, where they spent several days. They are delighted with the visit and speak of the resort in the highest of terms.

Mesdames C. C. Reddick and C. I. Haigler, who are making their home here with the family of T. B. Ellis, left yesterday for Cedar Key to be absent for the next week or ten days visiting.

W. F. Love, a merchant of Trenton, was transacting business in Gainesville yesterday. He states that a good deal of cotton is being offered for sale in his market and it makes business good.

H. H. Thomas of Melrose was a visitor to the city yesterday. He says that cotton fields are white in that section but, like other places, the farmers have lost heavily on account of the crop shedding.

A. S. Crews of Starke was a visitor to the city yesterday. He was here for the purpose of making arrangements to move his wife to Gainesville. They will make this place their home during the session of the University.

Deputy Sheriff S. P. Thomas of High Springs was in the city yesterday. He came down to bring a negro, John Hoover, who was convicted in Justice Bexley's court upon a charge of hog stealing and given three months.

Mrs. W. M. Bullard and children, who have been absent for the past summer visiting in North and South Carolina, returned home yesterday. They were met in Jacksonville by Mr. Bullard, who is the accommodating agent for the Seaboard here.

John V. Denton, formerly a resident of this county but who is now at the head of a produce commission house of New York, is among the visitors to the city. He is spending the greater part of his time now in the Sanford section and picks up a good deal of business from that point.

Lieut. Roy Taylor, who has been here on a visit to his parents for the past few weeks, left yesterday for New York. From that city he will proceed to San Francisco and sail from that point for the Philippine Islands on October 5th. He will be absent for the next three years and has been assigned to the Twenty-First Infantry.

From Sunday's Daily Sun.

Geo. T. Stone of Hammock Ridge was in the city yesterday.

Rev. and Mrs. W. J. Jones of Sampson City were among the shoppers in the city yesterday.

L. P. Stroble and son, Master Fred, were in the city yesterday from the Jonesville neighborhood.

D. R. Zetrouer, a successful farmer and stockman of Micanopy, was trading in the city yesterday.

J. G. Beville, the trucker of Arredondo, was in the city yesterday on his usual weekly trading visit.

Mrs. A. E. Perry and daughter,

Mrs. Conway, of Hammock Ridge, were visitors to the city yesterday.

W. F. Hines of LaCrosse was among the visitors to the city yesterday from the northern section of the county.

Former Marshal Ben T. Arnou has returned from Brunswick, Ga., where he was called by telegram on Wednesday.

W. A. Strickland of Paradise, one of the most successful planters in the county, was trading in the city yesterday.

Mrs. S. H. Register, who has been visiting her parents, Mr. and Mrs. Shawl, at Alachua, returned home yesterday.

Miss Callie Barry was in the city yesterday making preparations for the opening of the school at Earleton tomorrow.

Mrs. R. L. Robb, after an absence of some time visiting points in Ohio and also a trip to Niagara Falls, returned home yesterday.

Mesdames W. P. Coffey and W. F. Neeley, who have been absent for the past few weeks visiting in Bowling Green, Ky., will arrive home today.

Asa Brantley of Umatilla was in the city yesterday and will leave today for Orange Heights to open the fall school at that place tomorrow.

Mr. and Mrs. J. W. McCollum returned last night from Atlanta, Lookout Mountain and other points of interest. They report a most pleasant trip.

Miss Avie Walker of Tallahassee arrived in the city yesterday en route to Louise. She will open the public school at that place tomorrow for the fall term.

Mrs. R. D. Medlin and daughter, Miss Mary, and son, Oscar, returned yesterday from Hendersonville, where they have been for the past number of weeks.

City Tax Collector Ellis has moved his office to room 5 in the Graham building, where he will be pleased to see his friends and those having business with him.

James C. Haile of Alachua was in the city yesterday. Mr. Haile owns and manages one of the largest and most fertile plantations in this section of the State.

J. D. Luther of Old Town was among the arrivals in Gainesville yesterday. He has a large number of friends in Gainesville who are always pleased to meet him.

Mrs. J. M. Manning, accompanied by Miss Louise Cannon, left yesterday for a visit to Palatka. The lat-

ter has been spending some time here as the guest of relatives.

Mrs. C. A. Colclough, who has been absent for the past few weeks at Fairfield Inn, N. C., arrived home yesterday. She has had a most delightful trip at that popular resort.

L. J. Burkheim, the East Side clothier and gents' furnisher, will leave today for the Eastern markets to purchase the remainder of his fall and winter stock. He expects to be absent ten days.

Friends of Captain W. D. Dickinson were glad to welcome him on the streets again yesterday, the first time for the past two weeks. Captain Dickinson has been suffering from neuralgia of the eye.

Mrs. J. D. Turner and Cashier E. D. Turner of the Dutton Bank returned yesterday from a visit of ten days to points in Ohio. Mr. Turner says they had a most delightful trip and

were pleased to meet a large number of their old acquaintances on the trip.

D. L. Williams, who resides about eight miles west of Gainesville, was among the visitors to town yesterday. Neighbors of his inform us that he has as fine cotton crop as is to be seen in the county. He planted early and is nearly through picking the staple.

H. L. Beville of Arredondo was in the city yesterday. Mr. Beville, while attending the union meeting at North Pleasant Grove last Sunday, had the misfortune to sustain an injury to the right hand by coming in contact with a barbed wire fence. The wounded member bled freely and proved quite painful. The victim was taken to LaCrosse, where medical attention was rendered, and friends will be glad to learn that he is very much improved.
